

Sac & Fox Casino

An Update for our Valued Guests & Team Members - March 30, 2020

Due to the escalating Coronavirus (COVID-19) pandemic, **the Sac and Fox Nation of Missouri in Kansas & Nebraska has extended the temporarily closure of Sac & Fox Casino through Thursday, April 30, 2020.**

Sac & Fox Casino will continue to monitor this evolving situation and evaluate its potential impacts on the property daily.

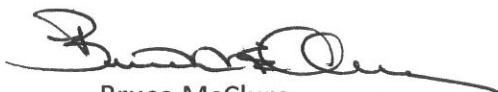

The health, safety and well-being of our team members, guests, tribal members, and the community are always our top priority at Sac & Fox Casino. That commitment led us to voluntarily suspend operations on March 18th and to now extend the closure in recognition of the State of Kansas's current "Stay at Home" order.

During this time of national upheaval, Sac & Fox Casino continues to stand with federal, state and local officials and with tribes nationwide in a unified response to this global health emergency. We will continue to closely monitor updates about the Coronavirus pandemic from public health officials.

We will keep our loyal guests and team members updated about this temporary closure as we all work together to keep our communities and our families healthy during this event.

We deeply appreciate the understanding of our guests and team members during these unprecedented times. We ask that you please stay safe and adhere to the guidelines being issued by public health officials to protect yourself and your loved ones by limiting the spread of the Coronavirus.

Sincerely,
